

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tiresome it would really be to clean-up right after a party, with out help from machines. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the best cleaning products during that time.

The man who established Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After founding his company during the year 1906, he started to produce motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the start was to own a worldwide business selling merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one person because it just weighed 17.5 kilos! This creation came in a time where numerous cleaning equipment were very big and required 4 or more operators, hence, the Nilfisk C1 changed everything and evolved the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an ongoing problem; things get filthy and must be cleaned on a regular basis, without a lot of effort.

Gradually but steadily, Nilfisk-Advance expanded throughout the decades. During the nineteen eighties, this growth actually took place the time the business became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap ahead within the industry, aspiring to be amongst the largest international players in the market of professional cleaning machines. Nilfisk-Advance is currently located in every part of the world due to gradually acquiring many small companies to be able to grow their product portfolio and presence in new markets. They are really proud to offer a range of cleaning solutions to fit each and every need.
